SUMMARY

I have **8 years** of experience in the Odoo Python framework (ERP) as a backend developer. I have worked with various versions ranging from OpenERP V7 to Odoo V17. My responsibilities included migrating customized modules from lower to higher versions and customizing default Odoo modules in both the Enterprise and Community versions to meet specific requirements. Furthermore, I possess the capability to set up Linux servers, install and configure Linux OS (Ubuntu), Postgresql Database, Nginx servers, and SSL in both Local and Cloud servers (AWS, Google Cloud, Digital Ocean, etc...).

CAREER OBJECTIVE

A challenging Career which offers an opportunity to apply my skills knowledge with continuous learning and growth.
